Dear Kathy

Re: Urban and Regional Food Declaration

It is with pleasure that I enclose a signed pledge of the City of Greater Geelong's support for the Urban and Regional Food Declaration.

This declaration signifies Council's commitment to a sustainable and healthy food system.

In the process of considering this request, Council made the decision to adopt its own Food Policy and the first in a range of management policies that outline Council's supporting actions. The first management procedure was with regard to the sale and procurement of healthy food.

Thank you for your initiative and patience.

Yours sincerely

KELVIN SPILLER
CHIEF EXECUTIVE OFFICER
